

# CNX-15 series

## CNX-15-A:

The CNX-15-A of LDA is a mounting frame made in metal sheet for mounting with single modules.

There are several kinds of modules, which are designed in order to plug in different connectors.

## Features:

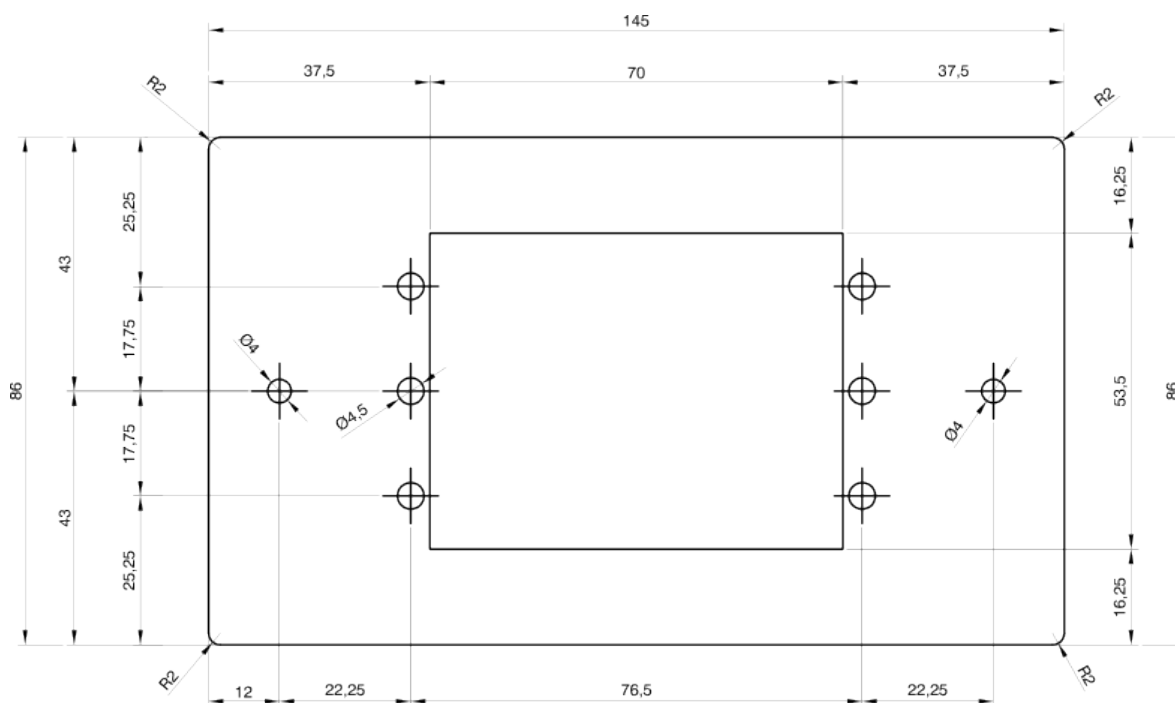

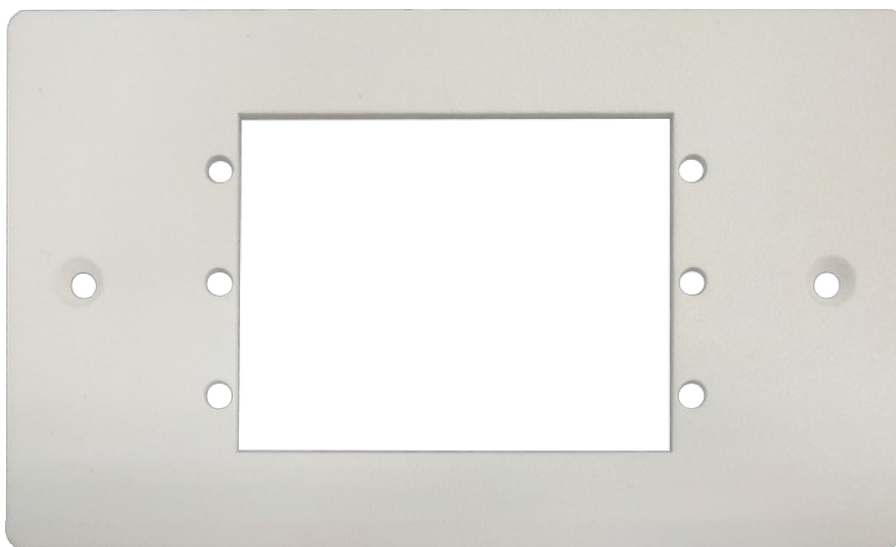

- Mounting frame for CNX-15-A modules – CNX-15-1 & CNX-15-2.
- Openings in order to up to three single space
- Mounting by means of mechanical fixing.
- Architectural adapter plates
- White colour (RAL 9003)

| TECHNICAL SPECIFICATIONS: LDACNX15AS01     |                           |
