BRACKET (optional)	Shape: U. It could be fixed or adjustable.
DIMENSIONS (height x width x depth)	250 x 194 x 120 mm.
WEIGHT	2,4 kg.

PRO-15T

Installation requirements:

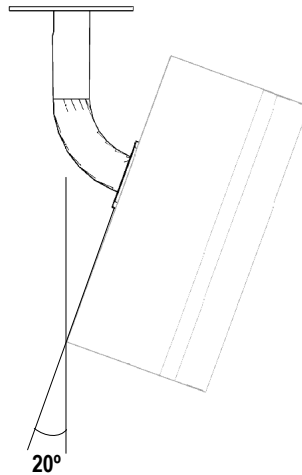

Bracket for mounting

Bracket fixed on ceiling

There are two heights for brackets: 164 mm y 533 mm.

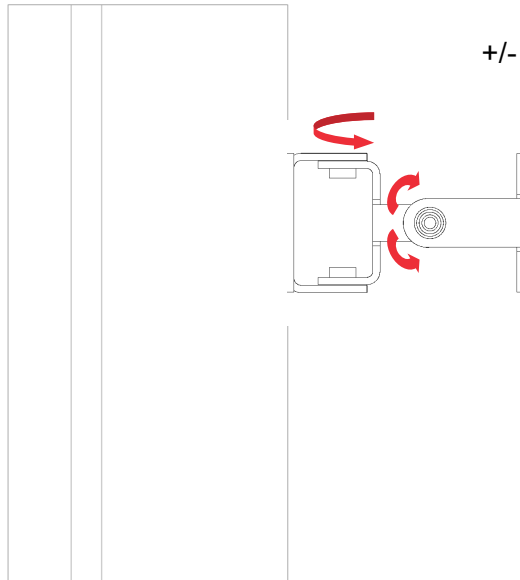

* The height could be modified if it is required.

PRO-15T

Installations requirements:

ADJUSTABLE BRACKET

+/- 180° vertical turn

+/- 180° horizontal turn

The Bracket is fixed on the ceiling through screws.

The relative turn between the box and the wall is over +/- 180°. The turn could be in vertical or horizontal direction.

FIXED BRACKET. U SHAPE

The bracket is fixed on the ceiling or wall by screws. This installing is possible due to the bracket contains drills in its bigger wing.
